OFFICE OF PETITIONS

RENEWED PETITION UNDER 37 C.F.R. §1.137(a)

Dear Sir:

Applicant submitted a Petition to Revive Unavoidably Abandoned Application on June 21, 2000, and submitted a docket record in support of this Petition to Revive.

In response to the Petitions Attorney's request for clarification of how to interpret this docket record submitted on June 21, 2000, Applicant hereby encloses copies of the Filing Receipt for the above-identified application and the docket record with the item in question highlighted.

The item highlighted by the Petitions Attorney on the docket record, which item was received by Applicant on April 9, 1999, is the record for the receipt of the Filing Receipt by the office of the undersigned. The "FD" (Filing Date) code found in column "Date Type" of the docket record specifically indicates that this document was the Filing Receipt. If the office of

there is only one entry, coded FD, and therefore this docket entry could only pertain to the Filing

Receipt. Therefore, the docket records indicate that Applicant's attorney received only the Filing Receipt on April 9, 1999, and did not receive the Notice to File Missing Parts.

Accordingly, Applicant respectfully requests reconsideration of the decision of the Petitions Attorney to dismiss the previously-filed Petition to Revive Unavoidably Abandoned Application, as Applicant has satisfied, to the best of Applicant's ability, the USPTO's requirements for supporting this Petition.

Respectfully submitted,

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "FOREIGN FILING LICENSE GRANTED" followed by a date appears on the reverse side of this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.11. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.62 which meets the provisions of 37 CFR 5.15(a). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR Parts 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "FOREIGN FILING LICENSE GRANTED" DOES NOT appear on the reverse side of this form. Applicant may still petition for a license under 37 CFR 5.12,

if the licensee has not received any indication of a notice, order under 37 CFR 5.12(b) or 5.12(c) and the licensee may then file the application pursuant to 37 CFR 5.15(b).
